

Larino

Elegant circular lighting range

Designed for universal application within any lighting project, the Larino range of luminaires are available in three diameters: 330mm, 430mm and 525mm.

Larino luminaires feature a spun metal base containing the control gear and energy saving compact fluorescent lamps. Models can be either mains only operation or, in selected versions, incorporate integral emergency gear.

Larino's base is available in a range of epoxy coated and plated finishes and can be supplied with a smooth, polished opal or clear prismatic diffuser.

Larino is available as standard with a white base and opal diffuser.

Larino finished in brass

Larino finished in chrome

Mains Luminaires
