

# Jaro

## Jaro is a compact and robust range of external IP65 vandal-resistant wall-pack luminaires.

Supplied as standard with a black polycarbonate base and clear prismatic diffuser, its design offers maximum efficiency whilst reducing wasted light-pollution.

The Jaro can be supplied as a mains luminaire using either single 18W TC-D or 42 TC-T compact fluorescent lamps, with a 70W HQI version for higher outputs and improved lamplife of approximately 12,000 hours.

The Jaro can be supplied as a 3 hour self-contained emergency luminaire with integral control gear using the 18W TC-D lamp version, which ensures the lamp operates for 3 hours on mains failure.

### Mains Luminaires

Cat No.	Lamp	Lumens	Kg
JA18	1x18W TC-D	-	2.40
JA42	1x42W TC-T	-	2.40
JA70	1x70W HQI	-	2.60

### Emergency Luminaires

Cat No.	Mode/Lamp	Lumens*	Kg
JA18/M3	M3 18W TC-D	290	3.60

### Slave Luminaires

Cat No.	Mode/Lamp	Lumens*	Kg
JA18/#D	Slave 18W TC-D AC/DC	390	2.40
JA42/#D	Slave 42W TC-T AC/DC	390	2.40

Replace # with AC/DC system voltage 24, 50, 110 or 230 Volts

**Dimensions:** 295mm x 265mm x 185mm

### Options Suffix:

/PH Dawn/Dusk Photo Cell
